Update on OL Activities

Third Quarter FY 1987

25X1

Good morning.

I'm I'd like to tell you about some of OL's major activities during the 3rd Qtr and some recent activities which launched the final quarter of Fiscal Year '87.

SECRET

Update on OL Activities

3rd Quarter 1987

NBPO slides: * Glass wall
 * Courtyard
 * Interior

STAT

3 slides

(*) The outside elevator was removed, and the glass curtain wall in the North Tower was completed during the 3rd Qtr and early part of this quarter.

(*) The contractor also worked on landscaping in the North Tower area and grading in the enclosed courtyard. This is the view from the cafeteria, looking towards the NHB.

(*) Interior work in the NHB progressed rapidly during the 3rd Qtr. The Government accepted the first, second, and third floor computer areas in the NHB, one of which is shown in the slide. As of 7 August, all computer areas have been turned over to OIT.

NBPO completed a lighting survey of the alcove in the fourth floor main entrance of the New Headquarters Building which will house the bas relief of former Director Casey. The results were sent to the sculptor, [] so that he might determine the impact on his sculpture.

3 slides

- * Visitor Center
 - * George Washington Memorial Parkway entrance
 - * Route 123 Entrance and roadway
-

(*) Both the Route 123 and George Washington Memorial Parkway Visitor Control Centers have been turned over to the Office of Security and are now in use.

(*) In late June the contractor completed the roadway inside the Headquarters compound near the George Washington Memorial Parkway entrance (shown here).

(*) All road work on the Headquarters compound has been completed, while construction continues on the Route 123 entrance (shown in this slide) and on Routes 123 and 193.

Also, the contractor installed a precast concrete wall between Route 193 and the Evermay Community. Residents of Evermay expressed concern that too many trees were being removed and would not be replaced. The Project Manager for the Virginia Department of Transportation assured residents of Evermay that the restored area will be heavily planted by VDOT.
